

Anti-bullying Week
'Stop and think - words can hurt'
14th - 20th November 2011

Let's talk about bullying

Knowsley CLCs have devised an activity to support Anti-bullying week. Our idea is to encourage children to think of ways in which to tackle bullying. Children will work in groups to think of three innovative ways to tackle bullying. The groups will then be asked to produce either a multimedia presentation explaining their ideas, an anti bullying poster promoting their ideas or a podcast discussing their ideas. Each group will then showcase their ideas to the other groups in class which will prompt whole class discussions on how to tackle bullying.

If you would like to discuss this activity in further detail then please contact Knowsley CLCs on 0151 443 4337/2155 or email knowsley.clc@knowsley.gov.uk.
