KNOWSLEY CLCS FOCUS ON...

Knowsley
City Learning Centres
www.knowsleyclcs.org.uk

“eSafety”

This years theme for European Safer Internet Day is ‘Connecting generations and educating each other’ and will take place on 7th February 2012. Knowsley CLCs have for some years promoted the safe use of the internet and several members of the team are qualified CEOP Ambassadors (Child Exploitation & Online Protection). To show our support for this day our February activities will be focussed around eSafety. We have developed a range of activities designed to inform children and young people about the potential risks they face when online.

If you are interested in Knowsley CLC staff working with your children then please contact Knowsley CLCs on 0151 443 2155 or email knowsley.clc@knowsley.gov.uk.

Example activity ideas

All activities will start with an eSafety Awareness session using CEOP training materials and followed by an activity such as:

Design a poster – Children can design posters promoting the safe use of the internet or give their top tips for staying safe online.

Produce a presentation – Children can produce their own eSafety presentations which they can then show to their parents/carers to inform them of the risks all users face online.

Comic Life – Children can design a comic book story about what they have learnt about internet safety.

Create a jingle/ podcast – using Garageband children can create a jingle/podcast promoting safe internet access. This could be done in a radio style interview format and uploaded to your schools website so parents/carers can listen at home.

Focus Activity Costs:

SLA Cost: 1 Half Day Session

NON SLA Cost: £75 Per Half Day Class
