

## **Online Safety Conference – Thursday 17<sup>th</sup> October 2019**

### **Photography**

The Information and Technologies Service (part of Knowsley Council) will be taking photographs during today's conference. Photographs in this context cover the capturing of still and moving images. These images will be used by the service or by Knowsley Council to share news about the conference and in future publicity for our services. All aspects of the event will be covered and it is possible you may appear in some photographs – if you do not want to be photographed please let a member of the team know.

Photographs taken today may be used in updates on our social media sites, printed publicity, press releases and on our website. They will be stored in our secure electronic systems. Please note that websites can be seen worldwide and not just in the UK where UK law applies and images may appear on the internet after they have been deleted from our records.

On occasions we may need to release the photograph(s) to the media and if this is the case every effort will be made to ensure that the photograph(s) will not be used outside of the context that they are taken in today.

We will not include personal details of any person in a photograph, whether in printed or electronic form, without good reason and if we needed to do so we would ask for specific consent.

#### **Do you have questions about today's event?**

Please contact Jodie Sharrock on 0151 443 2155 or by email on 0151 443 2155/6 and she will be happy to help you.
